Mid-Probationary Review
Statement of Procedures and Criteria

Mid-Probationary Review Policy

A Mid-Probationary Review will be conducted at the departmental level for all untenured tenure-track faculty by no later than the completion of the third year of probationary service or near the mid-point of the probationary term for those faculty members whose probationary terms includes credit for prior service (*Faculty Handbook*, Section 3.11.4.1) The mid-probationary review, also, will function as the annual pre-tenure review for that year. The mid-probationary review should address all aspects of the faculty member's performance relevant to tenure.

The departmental chair will conduct the mid-probationary review in consultation with the tenured faculty of the department or comparable unit. The departmental mid-probationary tenure committee shall be notified by the department chair to review a faculty member who is in the mid-probationary review year of service, as defined above. The departmental mid-probationary committee, just like the tenure committee, is normally composed of all tenured faculty members in the department except the chair. The committee shall have an opportunity to examine whatever supporting information and materials the candidate may have submitted in support of his/her review. Following the mid-probationary review, the departmental committee shall submit a written report to the department chair. The chair will meet with the faculty member to discuss the results of the review and will provide the faculty member with a written summary that addresses all aspects of the faculty member's performance relevant to tenure, including scholarship, teaching, service and collegiality. The chair will also provide the faculty with a copy of the written report submitted by the mid-probationary review committee. The chair will forward his/her written summary and the written report from the mid-probationary tenure review committee to the dean of the college. The dean will submit these materials for an additional college -level review. The college-level review will be conducted either by the College Tenure Committee or by a special committee composed of faculty appointed by the dean, which may include administrators appointed by the dean. Once the review is completed, the dean and chair will meet with the candidate undergoing review to discuss the findings. A copy of the written summary of the college level committee's review will be provided to the candidate.
